

## DANGERS OF MILK SUPPLY

Herds and Dairies are not Properly Safeguarded.

### HOW INFECTION IS CARRIED ABOUT

Bottles are not Cleaned Outside as Well as Inside; They May Carry Disease.

The Central Alberta Medical Association held a meeting in the city hall last night, when several important questions were discussed. The report of the executive committee was received, and the four items that were recommended were discussed and passed: (1) That the name of the association remain as it is and not be changed to the Edmonton and District Medical Association, as was suggested; (2) That the local tariff be the same as the tariff used by the Alberta College of Physicians and Surgeons; (3) That the press refrain from publishing the names of doctors in connection with accounts of accidents as this is considered a form of advertising; (4) That it be represented to the city council that the no accommodation provided for nurses in the Isolation Hospital is insufficient and that the council be solicited to erect a separate building for their accommodation. Also that a free ambulance be provided for patients suffering from infectious diseases.

### Dairies Criticized.

Dr. Smith read the report of the dairy committee, which said that there were two mistakes made by the dairies which ought to be corrected: (1) That in most all cases the cows and stables were in a dirty condition; (2) That the bottles were not properly sterilized. The method of sterilizing the bottles was to put them over a jet of steam; this only cleaned the inside of the bottles, and should they have just come from a house where an infectious disease was developing, they would be likely to carry the infection elsewhere. The committee recommended that the association request the Board of Health to take steps to provide a sufficient supply of certified milk and to demand of children and invalids.

Dr. Revell, speaking on the subject of pure milk, said that the milk inspector should spend his whole time in teaching the milk producers how to handle the milk in a cleanly manner, and also to issue leaflets to the consumers for their instruction, as to how to keep the milk after they have received it from the dairies.

"Milk," he said, "spreads continually from the time it comes from the cow until the time it is consumed, and it should be on no account kept from one day to another. The dairies are anxious to produce absolutely pure milk but the consumers are careless with regard to the keeping of it after its delivery, and such diseases as diphtheria and scarlet fever are so easily transmitted, that the utmost care should be taken by both sides to prevent any infection being carried."

### One Cow Dairies.

Dr. Forin touched on the subject of licenses for cow people, he said, who only kept one cow were exempt from taxation or indeed from having any license, and it was more from these cows that bad milk came than from the dairies who had large herds which were daily inspected. There seemed to be an idea among mothers that the milk from one cow only was the best for a baby. This was a fallacy, and it was these cows whose milk was being sold privately without the knowledge of the authorities, which were most likely to be suffering from tuberculosis. The question of pasteurizing milk was discussed and it was decided that some means for its proper pasteurization should be obtained so that all the milk which is sold by the farmers in the outlying districts could be purified before it reaches the consumers.

An interesting paper on "Some Errors in Diagnoses" was read by Dr. Corbett. Among those present were Drs. Smith, Forin, Allyn, Revell, Shearer and Park.

It will be easy for you to select your spring suit or overcoat if you call at Kelly & Moore's.

## IS HARDIE DISLOYAL?

Mrs. Humphrey Ward's Son Attacks his Remarks on Monarchy.

London, May 5.—Mrs. Humphrey Ward's son, who is a member of parliament, calls attention to the statement of Kier Hardie, one of the leaders of the Labor party, to the effect that loyalty to the throne is a great superstition binding people to their own interests. He calls Kier Hardie a disloyal subject who is safely sworn allegiance in order to sit in the Commons.

## BRITISH PAPERS PRAISE LAURIER

"Times" Compares him With Gladstone and "Standard" Says his Insight Equals his Experience.

London, May 5.—The Daily Mail referring to Laurier's remarks on the choice of Victorio says: "The statement from a statesman of such great experience and of French descent, these reflections are flattering to our national pride and any departure from the present practice would be to produce loss of harm. The Standard describes the scene at Ottawa as 'memorable and moving.' The Times says Laurier's insight is equal to his great experience."

"He has never excelled in clearness of vision and felicity of phrase the message in which on Tuesday he continued the relations between the British government, general system and the systems of national self government. Wherever he be sent to represent Laurier speaks of all constitutional topics with something of the fervor and imagination of Gladstone," concludes the Times.

**Cannot Get Sultan's Gold.**  
Berlin, May 5.—The provincial court of Berlin today frustrated the efforts of the Turkish government to secure possession of the \$200,000 deposited with the Imperial Bank of Germany by Abdul Hamid, the deposed sultan.

## NUMEROUS ENTRIES IN COMPETITIONS

Alberta Musical Festival Programme Could Not Be Carried Through This Morning

At the Musical Festival this morning it was found impossible to carry out the whole of the programme owing to the number of competitors in the piano sight-playing and accompanying and sight singing classes. The following are winners: Sight singing, W. G. Moffatt (Cushmore). Sight playing, first, D. M. Mount (St. Sankatchewan); second, Miss E. M. Moore (Cds). Accompanying, first, Miss E. M. Moore; second, P. D. Mount.

### In the sight singing, and playing competitions there were eleven entries, and fifteen in the accompanying class.

**Gold Increase the Cause.**  
Boston, Mass., May 5.—Marked increase in the world's gold supply and extravagance and waste, public and private, are the principal reasons given for the high cost of living by a special state commission which has been investigating the subject for eight weeks. The commission gives the increased gold supply as the primary cause and classes as a contributing factor the enormous waste of income in the United States, through unnecessary consumption of war and national armament and through multiple forms of extravagance, both public and private.

## NECK WAS DISLOCATED

Farmer Fell From Wagon and Died Soon After.

Dauphin, Man., May 5.—John Hamilton fell out of a wagon on his head at Oelle River and dislocated his neck. He was immediately brought to the hospital here, but nothing could be done for him and he died a few hours after arriving.

### Killed Blasting Well.

Mortlach Station, May 5.—While blasting in a well north of Caron a young man named Hutchinson, from Nebraska, engaged by Thomas McBride, was instantly killed, and McBride and another man seriously injured.

## WILL SUBMIT IT TO VOTE

Radial Agreement is now Ready for Formal Approval.

### BOULLION WILL LOOK INTO IT

New Public Works Commissioner Will be Here Before the Council Meets Again.

At the special meeting of the city council held yesterday afternoon the Radial Railway agreement finally passed the committee stage, and will now be brought before the next meeting of the council to be formally approved of. It is likely that inside of four weeks the agreement will be submitted to the ratepayers, and if it is ratified, the company will immediately seek incorporation at the adjourned session of the legislature.

It is expected that public works commissioner Bouillon will be in the city by next Tuesday night, and that he will be asked to pass on the agreement before it is submitted to the council.

Ald. Armstrong, who has been the strongest opponent to the agreement, was not present at the meeting last evening. He gave as his reason that none of the other aldermen were backing him up, so he didn't see that there was much to be gained by attending the meeting. Only three aldermen were present when the meeting opened. Ald. McInnis and Ald. Hyndman were also absent.

### Dead at Age of 108

New Haven, Conn., May 5.—Bernard White, probably the oldest man in the state, died at his home here last night at the age of 108 years. He leaves five children, twenty grand children and five great grand children.

## MONORAIL COMPANY

Two Million Dollar Organization Formed to Put System on Market.

Sherbrooke, Que., May 5.—Now that patents have been secured on the Maloney Monorail System, both in Canada and the United States, the apparatus will be put on the market. The first steps towards organizing a company have already been taken. A company has been formed to start with a capital of \$2,000,000. Montreal and Sherbrooke are the points where shops will be located for the East; Toronto or Ottawa for Ontario. Medicine Hat will be the Western centre.

In addition to motor or power cars, five cars have already been built. These will be shipped to Montreal and to Ottawa, where demonstrations will be made.

The important features claimed for this system are safety, economy and speed. Already several requests for information have been received from mine owners and lumbermen.

## MANY BOGUS COINS

Police in Cranston are Looking for Counterfeit Plant.

Branford, May 5.—Two foreigners, John Ruchkovsky and Jacob Krompner, are under arrest here charged with circulating spurious coin. For some time bogus fifty-cent pieces have been circulated in the city. The police suspect from the large number of pieces which have been gathered in that a counterfeit plant is in business here.

### New C. P. R. Official at Calgary

Calgary, May 5.—Word has been received at the local C. P. R. offices that Edward W. Duval, chief clerk to General Manager Bury, has been appointed trainmaster in charge of terminals at Calgary. Mr. Duval will leave to take up his new duties at once. He is a son of Rev. Dr. Duval, pastor of Knox Presbyterian Church, at Winnipeg.

### Max Beerbohm Married.

New York, May 5.—A cable despatch received today announced that marriage in London last night of Max Beerbohm, the writer and critic, to Miss Florence Kahn, an American actress whose home is in Memphis, Tenn. The ceremony was performed in great secrecy.

## C.N.R. IN THE EAST

Company Will Expend \$40,000,000 for Montreal Terminal.

Toronto, May 5.—The Canadian Northern Railway Company has under contemplation an expenditure of between \$3,000,000 and \$4,000,000 in Montreal in the near future in connection with the establishment of suitable passenger terminals in that city. It is also intended to have a fleet of at least 3 fast 3-4 freight boats connect with the vessels of the Atlantic service on the arrival of these at Montreal, so as to have import postage freight from the big liners rushed to given points on the Great Lakes at express speed. The cargo of the freighters are to be loaded direct from the incoming Atlantic boat, thus entailing only one handling between Bristol to England and Port Arthur and Port William at the head of Lake Superior. It is probable that two stops will be made at Toronto and Hamilton on the long trip to the head of fresh water. The A. E. Ames, Plummer and Pellatt will be the first commissioned for this work.

## IS ASHAMED OF ENGLAND

George Bernard Shaw Apologizes for Living There.

### ITS CONDITION IS NOW APPALLING

Famous Playwright Advocates Larger Expenditures in Order to Keep the People Employed.

London, May 5.—This country is in a deplorable and appalling condition and I publicly apologize to the universe for living in it.

George Bernard Shaw, the playwright, thus delivered himself while presiding at a meeting called for the purpose of considering the condition of labor and the causes of destitution in Great Britain. Shaw's utterance had reference to the nation's indifference to the social condition of the workers. He advocated larger national expenditures to insure work for everybody.

"A great deal," he said, "of what has been called religion in this country for the last 300 years has been nothing less than a conspiracy to pervert the rest of 100 people that virtue is a cheap thing. Now, let me tell you there are no good things that cheap. If you want a decent, virtuous population, which you haven't got at present, you will have to pay for it. If you will find in the end that it will not cost as much as a vicious one."

Shaw's prescription for curing our social degradation is to spend money, thus keeping the people efficient, healthy, well fed and clothed. Instead of paying policemen and prison officials he would keep all men at work with the money.

### W. A. Bowden Appointed

Ottawa, Ont., May 5.—W. A. Bowden has been appointed chief engineer of the department of railways and canals to succeed M. J. Butler, who also filled the post of deputy minister, filled by the appointment of Mr. J. A. Campbell, deputy minister of public works for Ontario. He was brought into the department by Mr. J. Butler, as designing engineer since which time he has designed many important works, including the new shops of the I. C. R. at Montreal.

## JAPANESE TOWN DESTROYED

Loss is Estimated at \$10,000,000 and 3,000 are Homeless.

Kobe, Japan, May 5.—Further reports from Aokori, in northern Japan which was partially destroyed by fire on Tuesday says that 800 houses and public offices and three banks were burned. Three thousand persons are homeless. Sixteen persons perished and the loss is estimated at \$10,000,000.

Wedding Rings, all styles. Jackson Bros., leading jewellers.

No matter what you want at a drug store, you can save money at the Edmonton Drug Co.

## EMPIRE DAY IN SCHOOLS

Exercises Arranged to Develop Patriotism of the Pupils.

### PRIZES TO BE GIVEN FOR ESSAYS

Pupils in the Fifth Standard Will all Hold Exercises in Alexander-Taylor School.

The schools have two holidays this month, Arbor Day, which falls on the second Friday, and Victoria Day. Teachers are making preparations for Empire Day, May 23rd. All the afternoon of that day will be given over to suitable exercises.

The following memo has been issued from Supt. McCaig's office: To the principals of the various schools:

It is desirable that Empire Day should be marked by exercises suitable to the purpose for which the day has been set apart, that is the development of sound patriotic feeling. To this end the teachers should devote the afternoon of this day to patriotic exercises.

It is not to be expected that exercises shall be of a uniform sort, but that they will vary considerably to suit the age of pupils in different grades, or to suit taste and choice of different teachers. The afternoon should be free from school tasks, and the nature of the proceedings should be such as to induce loyalty. Topics suggested for treatment are: 'The Extent of the Empire,' 'Its Original People,' 'The Variety of the Peoples now Composing It,' 'The Work and Importance of the Navy,' 'Commerce and the Mercantile Fleet,' 'Heroes and Heroic Deeds in War and Exploration,' 'The Civilizing Mission of the British People,' 'Political Ties Between Canada and the Imperial Government,' 'The Significance and History of the Flag,' and 'A Study of the Union Jack and the Canadian Ensign.'

"The furnishing of information of information should be relieved by the singing of patriotic songs, recitations, addresses, etc."

Prizes are Offered.

The pupils of standard five in the public and separate schools of the city will combine in Empire Day exercises at the Alexander-Taylor School. The Beaver House Chapter of the Daughters of the Empire are awarding prizes for an essay which the pupils have been writing on for the last two or three weeks. They will present the prizes on the 23rd. It is expected that members of the school board and others interested will be present and that an interesting programme will be furnished with the help of the teachers and Capt. Flint with his cadet boys.

Miss Melvor of the Norwood School, who was in the hospital with an attack of appendicitis, has recovered.

### G.T.R. IN MICHIGAN

Canadian Road Secures Control of Detroit and Mackinac Railway.

Sault Ste. Marie, Mich., May 5.—The Grand Trunk Railway has secured control of the Detroit and Mackinac Railway, which extends from Bay City, Mich., to Chgoigan. It is said that the intention of the company to extend this line up to the Straits of Mackinac and northwesterly from the Straits to Sault Ste. Marie where connection is to be made with the Algoma Central railway, which latter system is to be extended to a junction with the Grand Trunk Pacific Railway.

By this means the Grand Trunk Pacific would be brought into close connection with all of the Grand Trunk's lines in Michigan and it would give the parent company an entrance to the mineral resources of northern Michigan and northwestern Ontario. It would be necessary, however, to have a ferry service across the Straits of Mackinac.

In the Isolation Hospital last night the death occurred of Geo. Cowell, aged sixty, from tuberculosis. Funeral tomorrow at 2.30 p.m. from the Salvation Army barracks.

## INDUSTRY MAY COME HERE

Representatives of Red Deer Plow Works in the City To-Day.

Representatives of the Red Deer plow works are in the city today, and are being entertained by the mayor. The company consider that Red Deer is not a very good distributing centre, and are seriously thinking of moving their plant to Edmonton. Mayor Lee has been driving the representatives around in his car, showing them various sites and in other ways pointing out the advantages that Edmonton has to offer them.

## ITALY THREATENS BIG TRADE WAR

Government Says That It Will Direct Crushing Blow at Canada's Smoked Fish Trade

London, May 5.—A despatch from Milan says in reference to Italy-Canada negotiation that the silk and food trade are suffering in consequence of the Franco-Canadian treaty. It was announced in the Chamber of Deputies that Great Britain's intervention in the crisis had been invoked without success and that unless Canada quickly comes to a decision to strike a crushing blow at the Canadian smoked fish trade.

### Asks Mother Church's Aid

London, May 5.—The bishop of Athabasca has urged the church to make provision for the settlers invading northern Alberta. Six new stations are asked for in Northern Ontario.

### Oppose Prize Fighting.

Sydney, N.S.W., May 5.—The Presbyterian Assembly of Australia has adopted a resolution opposing the Premier to pass a law suppressing prize fighting.

## KAISER CONDEMNNS BEER DRINKING

In a Private Letter to a Freshman Criticizes the Habits of German Students.

Berlin, May 5.—The Emperor is being applauded by one section of the German opinion and condemned by another for his recent sharp condemnation of the beer swilling habits of German students. His criticism did not take the form of an ex-cathedral denunciation like the past strictures on gambling and high living in the army, but was addressed to a son of Dr. Ehrhard, who is a freshman at Freiburg University and who had just taken a students' corps in which ability to drink great quantities of beer was one of the first qualifications of popularity.

### Winnipeg April Building

Winnipeg, May 5.—The following report for the month of April, with comparative figures, has been given out by the city building inspect. E. H. 2-builders:

Permits Buildings Cost	
April, 1909	501 621 2,211,000
April, 1908	524 279 1,664,200
April, 1906	489 579 2,072,400

Comparative figures for first four months of each year:

Permits Buildings Cost	
1910	924 1166 \$5,652,000
1909	924 611 2,134,200
1906	857 1084 3,222,700

The year 1906 is used in the comparative statement, as up to the present year it had furnished the highest recorded figures. It will be seen that 1910 is away head at every point, and especially in the aggregate cost of buildings for the first four months of the year.

Owing to the fact that the baseball game today between the Edmonton and Lehighridge at Lehighridge does not start until six fifteen, there will not be a baseball extra this afternoon.

Marriage Licenses issued. Jackson Bros., jewellers.

## ALL SAINTS' WON SHIELD

Carry off Large Choir Competition for Third Time.

### THE ALBERTA MUSICAL FESTIVAL

Four Choirs Entered in Small Choir Contest and Three in Large Choirs.

Until a late hour last night the competitions for large and small choirs in connection with the Alberta Musical Festival were continued in the Thistle Rink. In the first class there were four competitors, one choir coming from Camrose. The selections they sang were Woodward's "The Radiant Moon" and "Oh, Saviour of the World," by Goss. The winners were the Robertson Presbyterian Choir, led by Mr. Jackson Hanby. One would infer that it was the superior quality of the voices that won the prize for this choir because it was in this quality that the smaller choirs were for the most part lacking. As far as the reading of the works by the various conductors, they were all very conventional and quite along the regular church choir style. Mr. Howard Stutchbury, leader of the Grace Church Choir, showed more originality in this regard and succeeded in putting more life into the numbers than did his competitors. The other competitors were the Wesley Church Choir, led by W. J. Hendra, and the Camrose Methodist Church Choir, led by E. Rylett.

### Large Choir Competition

Three choirs entered in the competition for the large choirs. Their selections were Gounod's "Come Unto Him" (unaccompanied), and Crick-shank's "Sing Praises Unto the Lord." The feature of this contest was the excellent work done by all three of the choirs in the unaccompanied number. In the larger choirs, also, the quality of the voices was better, although both large and small choirs were heard at a disadvantage in the large hall. The defect noticeable in all the choirs was the voices constituting them were not of uniform quality and did not blend evenly in the different parts. Their attack, however, was generally good and they followed the baton very evenly. The winner in the large choir contest was the All Saints' choir, under the direction of Mr. Barford. This choir has won the prize in this class three times now and is therefore entitled to hold Lieutenant Governor's shield. The other competitors were the First Presbyterian Church Choir, led by W. H. Watt, and the First Baptist Church Choir, led by Hugh Watt.

### Yesterday's Winners

The winners of the other contests yesterday were:

Open piano contest—Miss Eva Bladell, Edmonton, first; Miss Helen Montgomery, Edmonton, second.

Tenor competition—G. Turner, Edmonton, first; David Jones, Edmonton, second.

Baritone competition—J. J. Gardiner, Wetaskiwin, first; A. M. Lamont, Edmonton, second.

Bass competition—Hugh Watt, Edmonton, first; F. Gagne, second.

Open violin competition—Fred Fairbanks, Edmonton.

Junior piano competition—Miss Frances Stewart, Innisfail, first; Miss Ruth Staples, Fort Saskatchewan, second.

## SET FIRE TO PRAIRIE

Several Fined at Lloydminster for Perilous Carelessness.

Lloydminster, Alta., May 5.—Following the epidemic of prairie fires in the Lloydminster district this month comes the aftermath of police convictions and heavy fines for careless or slight firing of the prairies. The list of the month is a sufficiently formidable one for a single district and should act as a deterrent to culpable carelessness in the future. J. D. Hill on the 6th of April; J. Watt, 15th of April; A. Wilson, 25th of April; J. Smith, 27th of April; C. E. Fry, 28th of April; and A. Young, 28th of April, were each mulcted twenty-five dollars and costs for setting fire to the prairies on the above dates.

## The Daily Capital

OFFICE OF PUBLICATION—  
100 BOWARD AVENUE, EDMONTON  
A. R. WATT, Publisher  
D. M. HANCOCK, Business Manager  
F. E. BARNETT, Advertising Manager

TO SUBSCRIBERS  
Readers of the Capital are requested to have the management by reporting any irregularities & delays.

SUBSCRIPTION RATES  
Daily, delivered by carrier in city, \$4.00  
By mail to outside points, by year, \$4.00  
(For the above rates only is the Daily Capital sent to subscribers by the Saturday News, an Alberta weekly review, published twice a week.)

The Daily Capital is an independent weekly paper published at the following rates:—  
Wholesale, \$10.00 per 1000; Retail, \$1.00 per copy. Single copies, 10c. Foreign postage, 5c. per copy. Advertising rates, on application. The Capital is published at 100 Boward Avenue, Edmonton, Alberta, Canada.

THURSDAY, MAY 5, 1910.

## A SLIGHT MISUNDERSTANDING

The *Mellon*, Saskatchewan Journal, has this to say:—  
"A few months ago a new daily paper called the 'Capital' made its appearance in Edmonton. It is announced itself as an independent journal politically. Yet the Capital is the only paper of any consequence in Alberta that has not been to the Liberal government in the present crisis. And the result is that the Capital now receives the patronage that the other Liberal papers formerly received. Surely this is not the case of independent papers that the people of the west are desirous to see thrive. Had the Capital backed up Premier Rutherford and left the 'pup' alone we could have believed in its independence more readily and have respected its opinions far more highly."

As the Capital wishes the *Mellon* Journal to continue to respect its opinions, we are glad to be able to point out to our contemporary that it is laboring under a delusion. It is true that the Capital has supported the provincial government, and it has set forth its reasons for doing so as fully and as clearly as possible. But if it has taken up this attitude with the hope of securing the patronage of which the *Mellon* Journal speaks, it has certainly suffered a severe disappointment. It has carried no government advertising that has been sent to other papers. We note that this advertising is appearing in the press of the province regardless of whether the administration is receiving support or not. The only other possible source of "pup" in government printing, and but for one small contrast, the point on which wouldn't keep the Capital running for two days, there has been no work of this character done in the province's establishment from which this paper is leased for a year past. The government printing is being done, we understand almost exclusively, in the home of a newspaper which is attacking the administration very vigorously. The criticism of this as a "pup" organ is thus, we believe hardly warranted and we have stated the exact facts.

As for being an "independent" journal, that word was never used by the Capital in reference to its policy. We have no use for "independent papers" in the sense that most people attach to the phrase. We believe that it is the duty of every newspaper, which is doing anything to the public, to come out on one side or another in a political controversy. The "independent" paper, as its function is conceived by most people who refer to it, is not in the habit of doing this. Therefore the Capital is only too glad to be relieved of the necessity of coming under this description.

A cry is being raised for an election to fill the vacancy in McLeod constituency before the Legislature re-assembles. There would be no justification for bringing on the contest at this stage. It must necessarily be fought out on the A. & G. W. issue and an intelligent verdict can only be given after the commission, which is investigating that transaction, has made its report.

Hon. Duncan Marshall has returned from a visit to the immigration offices established by the provincial government in the east and reports that they are doing excellent work in saving intending settlers of the Alberta points. Those who have come into touch with many of the newcomers will have no difficulty in crediting what the Minister of Agriculture says as to the effectiveness of the province's campaign.

Very large growth within the next year and hope is running high that what is being aimed at a population of 400,000 at the time of the census on April 1st, 1911, will be fully realized.

Building lots are already being of-

ferred from the proposed university site in Calgary.

## What Others Say

## JUST SUPPOSE

(Calgary News)  
The Daily News doubts very much if Mr. Bennett would stand idly by here an attempt made to have the correspondence of the C. P. R. during its formative period, thrown open to investigation, as has been done with the A. & G. W. R. And the general impression is that were such a thing called for the revelations made might be somewhat more startling than have been discovered in connection with the A. & G. W. R.

Be that as it may, good form, if nothing else, might have induced Mr. Bennett to be chary about undertaking a position, which would not fit with his connection with the C. P. R. as well as his duties as a legislator—for the Legislature will be the court of ultimate resort in this case and it will be difficult even for Mr. Bennett, versatile though he may be, to give dispassionate and unbiased judgment to a case in which, during the early stages, he was the paid solicitor.

## Between the Acts

Three, But Not of a Kind  
Peary—An initiate.  
Shackleton—An Alchemist.  
Dr. Cook—A Nervousness—Toronto News.

## Still Unascertained

Weight—Did Thompson succeed in finding the gas leak?  
Gassler—I don't know. To tell the truth, no one has yet succeeded in finding him to ask.—Montreal Herald.

## Hair Curling Specialist

"You want to hair curl?" asked the barber in the rash shop. "Don't I call my brother Percy?"

"Percy? Better at hair curling than you?" asked the new patron.

"Percy? Much better. He tells me wonderful about curly hair and your hair and he has no less than holding it up with his comb."—Montreal Herald.

## Let Her Down Easy

Young Husband—Did you make those biscuits, my dear?  
His wife—Well, darling.

Her husband—Well, I'd rather you would not make any more, sweetheart.  
His wife—Why not, my love?

Her husband—Because, angel mine, you are too tight for such heavy work.—Philadelphia Telegraph.

## Her Last Case

Police Captain—Do you remember about a year ago a young man who eloped with Stenoos of his employer's cash?

Lieutenant—Yes. A woman detective was put on the case, I believe. Did she catch him?

Police Captain—Yes, and captured him, too. They were married in China a month ago.—Montreal Herald.

## Frost Damage in Spring.

Fred. Bedford of Winnipeg, on being asked as to the probability of damage to wheat owing to the recent storm in Manitoba and Saskatchewan, said:—  
"I have never known frost to injure wheat in the spring of the year, excepting where it is well above ground and the wind beats the soil against it bruising the plants and thereby making them very liable to freeze, or when the wind is strong enough to blow the roots bare and leave them exposed to frosts. In all other cases I think that with a warm rain the farmers will find the wheat coming along all right. What is a tremendously hardy plant and I do not think either business men or farmers need fear for the result, except in such cases as I have described and these should be watched for and recorded."

## "A KNIGHT FOR A DAY"

Among the gay bevy of good-looking femininity accredited to the chorus rank of the musical gaiety "A Knight for a Day" to be seen here at the Empire on May 6 and 7 is: The Sweet Girl Graduate; The Corsican Belle; The Grand Opera Prima Donna; and The Candle Light Girl. The last ensemble is said to be a striking effect, suggesting some knight in the days of chivalry. The ensemble is presented before a scarlet curtain all lights of the theatre being reduced until the curtain is fairly shown. The scene is a fairy tale scene from the wings and crowd the stage in front of the curtain, their faces brought into striking relief by tiny lights in the shape of roses that they carry, which they switch off and on with fairy-like effect. This R. C. Whitney's production is under the direction of Wm. Cranston.

## PARLIAMENT FOR EMPIRE

Sir Gilbert Parker Says Scheme is Impracticable.

## THE OBSTACLES ARE INSUPERABLE

National Life of Colonies Demands  
Autonomy Both in Internal and External Affairs.

London, May 5.—Sir Gilbert Parker, M. P., delivered an address on "The New Empire" at a meeting of the Royal Colonial Institute, held at the Whitehall rooms the other evening. Sir Gilbert's remarks were interesting in that he dealt with the following subjects:—  
A parliament of the empire.  
And the relations of the overseas states and the mother country.

Sir Gilbert said: "The danger point has been passed. We have outlived the stage when some colonies might break loose from the sister bonds that hold her and are now upon the quest of a future independent of her sister colonies or of England. Colonies got and kept by any other means than those which England used as the begetting and controlling power have long since been shaken off the hand of our chief dominion and gone forth adventuring upon perilous seas. Those dominions, on the whole, have had an inherent knowledge and conception of England's aims and deeds. They have not looked upon her absorption of the outlands of the world as mere grabbing and universal loot."

## Supreme as Colonizer

"It is most for ever remain a marvel that the people of this United Kingdom have alone been permanently successful as colonizers. England alone has remained supreme world-wide in empire and in colonial administration. While still surviving, still achieving, and pursuing, she has made all the mistakes a nation could make in colonial administration, save one. It is that exception which has saved her—the fact that children grow without administrative strait jackets, she turned them out of the nest to learn to fly almost before they were fledged; she gave them a long series of officials whose capacity, honesty, and integrity have been the pride of all our people. This race of noble civil servants, of colonial office men, sowed good seed, of which we, in the new empire, are gathering the harvest now. The good that they did, the wisdom that they showed, on the whole, made possible the confederations which we have, because the public life of these dominions was laid upon true foundations."

"Of course, a conspicuous danger may be found in a young nation of our empire, not properly estimating the value of her connection with the mother country and all that she gets from it, in forgetting the cost to the British taxpayer of providing defence and security for her, and in going ahead as though she owed nothing to the protecting power or to the original source of her own territorial position and the beginning of her own development. Where such a feeling exists in a young nation the feet of statesmen are always walking on the edge of a precipice. The probability grows that when imperial problems arise in the future, and England must act, those problems will be more easily solved, because the overseas government of the future, and, represent, federated interests which have been sifted into fewer issues by the policy of attrition and amalgamation. On the other hand, England herself becomes more apprehensive of the isolation position, and gives added care to international dip-

## Men's and Boys' Clothes

IF YOU THINK a minute you'll realize that as many people see your back as your front. The cut of your coat, the hang of it—you can't see it yourself, but a lot of other people can. You want it right, and we offer you the clothes that will make it right. They're made by the W. R. Johnston Co., and there are no better clothes made. Every style, shade and weave is here .....\$10 to \$20

The Boys' and Children's Department is an all-important feature with us. Our range of styles in Blouse Suits, Russian Suits and Juvenile Overcoats will be found most complete. Also an endless variety of styles for the bigger boy, both single and double breasted.

Boys' Wash Suits, ages 2-12 to 10 years, in gingham, chambrays, galateas and linens. Every style, color and pattern is here. Prices.....75c to 3.50

## THE PURVIS CO. LTD.

Just Good Enough  
To Be Dangerous

If poor advertising mediums were ENTIRELY worthless they would not be dangerous! For they could not, then, make any appeal whatever to sensible advertisers.

But an advertising medium which has a LITTLE MERIT is, like "a little knowledge," a "dangerous thing." Some business men there are, always, who—for considerations of "cheapness," etc.,—will either rely upon such mediums wholly, or give them an absurdly large part in their advertising campaigns.

## MONEY EVEN IN THE SEA WEEDS

Indians Are Pioneers in Industry Which Promises to be a Money-maker

Victoria, May 5.—The announcement that a profitable trade in edible seaweed, which is found in inexhaustible quantities along the Spanish Inlet is being developed by the Indians, who are the pioneers in the new industry, has occasioned very considerable comment and aroused a variety of speculations since given to the public by the Colonies a week or so ago. The market for the marine vegetable product referred to is at present confined to the Chinese, who purchase from the Siwash collectors at seven cents per pound for shipment back to the Orient where a heavy layer of beach-herm and other similar products. It is suggested, however, that a home as well as a foreign market might possibly be created and variation be given to minimal menu by the inclusion of a distinctly unusual semisavory breakfast food.

## SAY GOOD-BYE TO EARL GREY

Dominion Parliament Presents Address of Farewell to him.

HIS EXCELLENCY DEEPLY TOUCHED

Says That he Will Never Forget Many Kindnesses he has Received in Canada.

Ottawa, May 4.—The second session of the eleventh Canadian parliament, which opened November 11th, prolonged at three yesterday afternoon with the usual ceremonies. For the last time His Excellency was escorted to Parliament Hall by a brilliant military cavalcade furnished by Princess Louise Dragoon guards and received by a guard of honor. His Excellency read the speech from the throne in both French and English, and gave assent to a large number of important bills, including the anti-gambling bill, insurance bill, naval bill, and anti-combines bill. After the proceedings had ended members of both houses gathered in the Senate chamber, where His Excellency was presented with farewell address of both houses, to which he made suitable and feeling acknowledgment.

It is not likely that His Excellency will return to England before next October, as he contemplates visiting the west during the summer. The floor in the Senate was well filled with Senators, members of the House of Commons, their wives and lady friends while the galleries were also crowded.

Earl Grey was evidently moved when he responded to the address from the members of parliament, which was read in English by Speaker Kerr of the Senate and Speaker Macleod of the Commons, in French. He thanked Sir Wilfrid Laurier, Mr. R. L. Borden, Sir Richard Cartwright and Senator Langford for the kind sentiments expressed towards himself and his family in their speeches in parliament, yesterday.

Address From Parliament  
"We, His Majesty's dutiful and loyal

Society Dances in "A Knight For A Day" at the Empire Theatre tonight and the remaining of the week.

at parliament assembled, beg leave to convey to your excellency an expression of the genuine feeling of regret which all classes in this country have learned that your official connection with Canada is soon to cease.

"It must be a source of gratification to your excellency on your retirement from the high office of governor general to realize that the period of your administration has been characterized by general and increasing prosperity in every portion of the Dominion.

"The zeal with which your excellency has sought, by personal observation, to gain an intimate knowledge of the character, possibilities and requirements of every section of the country has been highly appreciated by the people of Canada.

"The special interest which your majesty has taken in everything calculated to foster a high sense of public duty and responsibility to stimulate intellectual development, was to advance science and art, will long be gratefully remembered, while the success of your endeavors in cultivating the growth of Canadian spirit has strengthened us in the belief, full development of our national life is compatible with the closest and most loyal connection with the Empire."

"We beg that your excellency express to the King our cordiality and respect to His Majesty's throne and person, and our united resolve to accomplish our part in the maintenance and upholding of His Majesty's empire."

"In saying farewell to your majesty and family we cannot refrain from expression of our appreciation of the importance and gracious part taken by her excellency, the Countess Grey, in the success which has marked the discharge of your high responsibilities and labors, the helpful, generous and sympathetic co-operation afforded by her excellency and by your daughter, Lady Evelyn, in conclusion we beg to assure your excellency that you will always have our warmest wishes for the future happiness of yourself and family."

Governor General's Reply  
Earl Grey's response was as follows:

"It is with feelings of no ordinary emotion that I acknowledge the great honor conferred upon me, today, by the parliament of the Dominion.

"That address, the King and friendly speeches of its movers and seconders, its hearty and unanimous acceptance by the members of the senate and of the House of Commons have caused me to realize afresh how great has been the interest and enjoyment of our life in Canada, and how sincerely and heartily is the regret with which I and all the members of my family view the approaching termination of my term.

"Thanks to increased transportation facilities, thanks more to the great kindness which I have received in every part of the Dominion, I have had abundant opportunity, probably more abundant than has ever been vouchsafed to man, to make myself closely acquainted with the hopes and confident beliefs of the Canadian people.

"It shall be my happy privilege on my return to England to submit to the King an expression of your devotion to his throne and person, also to impress upon His Majesty and upon the people of the British Isles, that you, the people of Canada, are united in your high resolve to accomplish your part in the maintenance and building of the empire of which if you are afraid, of the greatness of your destiny, you will one day become the controlling part.

"Gentlemen, Lady Grey and my daughters are greatly touched by your friendly expressions towards them. It is only right that they should have a large share of the distinction with which it has been your kind pleasure to honor me.

"Although our official connection with you unfortunately for us, is soon to cease, I can assure you, I shall not only for myself, but for Lady Grey and my daughters, that so long as we live, neither distance or time will ever efface from our hearts the recollections of the many kindnesses we have received, the pleasures we have enjoyed, our deep affection for our Canadian home or the interest we shall ever continue to feel in the future and fortune, not only for our many personal friends, but of the country and the people whom we have learned to love so well."

## PROPHECY IS ALMOST FACT

Half-Century Ago Foresaw Canada's Greatness.

ASCENDANT IN NORTH AMERICA

Prophecy Made by United States Senator W. H. Seward is Brought to Light.

Toronto, May 3.—Fifty-three years ago Hon. W. H. Seward, then United States senator from New York, made a summer trip to Canada and sailed from Quebec to spend two months cruising in the Gulf of St. Lawrence and along the coast of Labrador. During his trip he kept a diary from which a wonderful prophecy about Canada has just been unearthed by the Bony Man's Magazine here. The prophecy in part reads as follows:

"I hitherto in common with most of my countrymen, as I suppose, have thought Canada, or to speak more accurately north of the United States, easily detachable from the parent state, but incapable of sustaining itself, and therefore ultimately may, right soon, to be taken in by the Federal Union, without materially changing or affecting its own condition or development. I have dropped the opinion as a national conceit. I see in the British North America, stretching as it does across the continent from the shores of Labrador and Newfoundland, to the Pacific, and occupying a considerable belt of the Temperate Zone, traversed equally with the United States, by the lakes, and enjoying the magnificent shores of the St. Lawrence, with its thousands of islands in the river and Gulf—a region grand enough for the seat of a great empire. In its wheatfields in the west, its broad ranges of the chase at the north, its inexhaustible timber lands—the most extensive now remaining on the globe—its valuable fisheries and its yet undisturbed mineral deposits, I see

the elements of wealth, I find its inhabitants, vigorous, hardy, energetic, and perfected by the Protestant religion and British constitutional liberty. I find them jealous of the United States and of Great Britain, as they ought to be; and therefore when I look at their extent and resources, I know they can neither be conquered by the former nor permanently held by the latter. They will be independent as they already are self-sustaining. Having, happily, escaped the curse of slavery, they will not submit themselves to the domination of the slaveholders, which prevails and determines the character of the United States. They will be a Russia behind the United States, which to them will be France and England. But they will be a very different Russia from that which fills all southern Europe with terror, and by reason of that superiority they will be the more terrible to the dwellers of the southern latitudes.

"The policy of the United States is to propitiate and secure the alliance of Canada while it is yet young and incursions of the future. But on the other hand the policy which the United States actually pursues is the insatiable one of rejecting and spinning vigorous, perennial and ever-growing Canada, while seeking to establish feeble states out of decaying Spanish provinces, on the coast and in the islands of the Gulf of Mexico.

"I shall not live to see it, but the man is already born who will see the United States mourn over its stupendous folly, which is only preparing the way for ultimate danger and downfall. All southern political stars must set though many times they rise again with diminished splendor. But those which illuminate the pole remain for ever shining, forever increasing in splendor."

## KETCHEL IS STILL IN CHAMP. CLASS

Langford and Ketchel Still Have Chance to Win Highest Boxing Honors.

Langford and Ketchel are still eligible for championship honors, but Thursday's mill being indecisive, Ketchel will be 23 years old next September. He is 5 feet 9 inches tall in his fighting shoes, and weighed 160 pounds when he responded to the call of time the other night. He began his career as a professional pugilist in 1903, and has been twice beaten, both Papke and Johnson having put him away. Langford was 30 years old in February. He is one inch shorter than Ketchel and may be a pound or two heavier. In fighting style he is a reproduction of Joe Walcott, the Giant Killer, and has been in the ring since 1901. Since that time he has taken part in ninety fights. Jack Johnson beat him on points in fifteen rounds several years ago, and so did Larry Temple, Joe Jeannette and Young Peter Jackson, all colored. But Langford, who has never been put to sleep, has knocked out Willie Lewis, Larry Temple, Jeff Thorne, Tiger Smith, Jim Marry (twice), Jim Flynn (twice), and others of lesser note. Last year, when he put on Hagme, the English heavy-weight champion, out in four rounds, he was hailed champion of the world, by the National Sporting Club of London, after Johnson had deliberately flunked out of a match with him. But Langford refused the title, saying he did not care to win it by default. Langford is matched to fight Tommy Burns next fall in California.

### American Trotting Association

Chicago, May 5.—The ultimate abolition of hobbles was determined upon at the biennial meeting of the American Trotting Association held here yesterday.

W. J. Hams, of Terre Haute, was re-elected president of the association, and W. H. Knight of Chicago, as secretary. The retiring directors were re-elected. Seventy-five delegates, representing 700 members were present and by a vote of 5 to 1 decided that there shall be no hobbles upon two year olds this season, none on 3 year olds next season, none on 4 year olds in 1912 and that in 1914 the use of hobbles shall be barred altogether.

## MOOSE JAW WON THE FIRST GAME

Local Team Got More Runs in First Innings Than Brandon Did in Whole Game.

Moose Jaw, May 5.—Moose Jaw celebrated the opening of the baseball season yesterday by beating Brandon in a fairly good game of baseball. Moose Jaw started away in the lead and gathered three runs off Heinrich in the first inning. That is more than the visitors got during the entire game. The home run by Bill Hurley, the first in the season, helped some.

Summary—Home runs, Hurley; 3-base hits, Bell, Jones; two-base hits, Sullivan, Bell; stolen bases, Rodley, Hing, Hurley, Davis; sacrifice hits, Bell, Gilchrist, Cooper; struck out, by Gilchrist 4, by Heinrichs 0; bases on balls, 0; 4; Heinichs 0; time, 1:50; umpire, Smith; attendance, 1,500.

### Three Assists on One Play

New York Mail: One of the most peculiar plays ever seen on a ball lot was pulled off here yesterday in the fifth inning. Ward bonned a hot one off Matty's glove, Bridwell tried to hit it, and it bounced toward Doyle off A's shoulder. Larry threw the Quaker out. Three assists and a putout on one play. Can you beat it?

"Glad" Graney, the St. Thomas, Ont. player with Cleveland, has been placed at centre field. He is a left-handed pitcher, but has been unable to get on the mound. Tried in the outfield he made good and is hitting well. He is very fast and is being used to lead off the batting order.

## EDMONTON ESKIMOS HAD FIRST GAME ALL THE WAY

Grady was in Good Form and Weakened Only Slightly in the Eighth—Mills in Left Field was the Star of the Game.

(By Staff Reporter)

Lethbridge, Alta., May 4.—There was nothing to the game today but Edmonton all the way. In the first inning the Eskimos filled the bases with only one out, but Lezie excited himself from a bad fix. Grady was going fine and was never in danger until the eighth when he weakened slightly and gave two chances. With any luck Lethbridge would still have been whitewashed, but Willard dropped a third strike of Pieh's and then lost sight of the ball, two runs crossing the plate.

The Eskimos corralled all their runs in the fifth inning. Charities, errors, dumb plays combined with Mills and Olsen's timely score five runs and put the game on ice.

The grounds were crowded to capacity. Edmonton gets a good slice of the gate receipts. The estimated attendance was fifteen hundred.

A funny incident occurred when the umpire ordered the police of the home team's bench. The bluecoats were very irate and raised some excitement after the game.

The Lethbridge team is not yet in shape and made costly errors on easy chances. Phil Lezie struck a magnificent game, pitched out thirteen and deserved better luck. Brennan and Baxter fanned twice. Grady was also in midseason form.

The star of the game was Mills, who fielded and batted like a veteran. Deacon White, made a great hit by his belting and also had a hand in the run-getting in the lively fifth. The diamond was not in good condition, however.

The Eskimo infield were on the job at all times. A number of former Edmontonians were here and they rooted heartily for the Eskimos. They also won some money. Deacon says Dell and Burridge will pitch tomorrow's game. Burridge looks much overconfident, but says he will reach his jump into the game. We expect to take three from Chesty as Lezie is his best pitcher.

The lead played just as merrily when the local crowd behind as at the beginning of the game.

Edmonton—Mills fanned, Olson got pass and hit Baxter and walked Morse; Lezie very wild; Lussi popped to O'Hay, Brennan fanned; no runs. Lethbridge—O'Hay, Olson, Brennan to Baxter; McKin, rounded, Willard to Baxter; Head flew to Lussi, no runs.

Edmonton—Willard fanned, Deacon hit, line at O'Hay, who made a nice out; Grady fanned; no runs. Lethbridge—O'Hay, fanned out to Brennan, nice running catch; Lynch fanned; Dudley up sets fire to proportion; Dudley steals, poor throw to Willard; Chick flies to Morse; no runs.

Edmonton—Mills fanned out to Lynch; Olson popped to Lezie; Baxter fanned; no runs. Lethbridge—Brogan out, nice catch by Mills; Grady walked Lezie, bad decision of umpire; O'Hay grounded out, Deacon to Baxter; Mackin shoots hot one to Morse, who throws him out; no runs.

Edmonton—Pete Morse up, knocked high one to Lezie; Lussi knocked down one down off Grady; three on bases and Grady fanned; no runs. Lethbridge—Head up, popped to Morse; Chesty Cox knocked slow one to Morse, thrown out at first; Lynch grounded, Deacon to Morse; no runs.

Lethbridge—Head up, popped to Morse; Chesty Cox knocked slow one to Morse, thrown out at first; Lynch grounded, Deacon to Morse; no runs. Edmonton—Willard bucked scrapper to Chick, who muffed; Deacon grounded to O'Hay, who muffed; two on bases; Grady batted safely; nobody out; Mills up sets fire to bases; Mills hits safely; Willard and White score; Olsen hit to Dudley; throw pulled O'Hay off; three on bases and Grady fanned; no runs. Lethbridge—Head up, popped to Morse; Grady runs Olsen off second, but Mills scores; great confusion; Olsen scores, hurting ankle, but continues; Brennan fouts out to Lynch. Five runs, hurrah!

Lethbridge—Dudley grounds slow one to White, who makes good throw to Baxter; Chick fouled out to Willard; Brogan out, nice catch, Baxter; no runs.

Edmonton—Willard up, fanned; doubtful third strike; Deacon flies to Cox, who hates to put opposing manager out, drops ball; Grady bunts to Lezie; pitches smartly; all hands safe; Mills up, fanned; Deacon out stealing third; no runs; Lezie got out of bad box.

Lethbridge—Lezie to bat; fouls to Brennan; O'Hay drives to Grady stops, nicely thrown to Baxter; two out; Mackin sends grounded to Brennan, coaches charity; Peter steals second; Lussi flies to Cox, nice play; no runs.

Edmonton—Olsen first up, fouls to Lynch; Baxter grounds to O'Hay; O'Hay coaches charity; Peter steals second; Lussi flies to Cox, nice play; no runs.

Lethbridge—Chesty hits out to third sack but fast fielding of Mills holds, vanderbilan at first; Lynch grounds to Brennan who cuts off Cox at second; Dudley drives to Olsen who hits ball; Brogan walks. Three on bases; crowd tries to rattle Grady. He fans Lezie; temperature drops to zero.

Edmonton—Brennan fanned for third time. Willard grounds to Mackin to O'Hay; Deacon fouls to O'Hay who muffs; White fans. Lezie pitching good balls but support runs; no runs.

Lethbridge—O'Hay walks; Mackin grounds to White who throws O'Hay out at second; Head flew to Olsen; Chesty hits; Lynch third out, Morse to Baxter; no runs.

Edmonton—Grady out, Mackin to O'Hay; Mills walked; Mills steals second; Olsen out, Dudley to first; Baxter fans. No runs. Lezie hits three fast ones.

Lethbridge—Dudley hits safely, ball batted badly; Chick drives to Brennan who throws Dudley out; second; Brogan makes two-bagger over second; Phil hits for Lezie; Willard missed third strike and Dudley and Brogan score. O'Hay flies to Mills, p. good catch; Mackin flies to White; two runs.

Game over. Game tomorrow at 6:15. Pitch battle Lezie in ninth.

## WINNIPEG-REGINA GAME DEFAULTED

Regular Umpire had not Arrived and Winnipeg Would not Stand by Substitutes' Decision.

Regina, Sask. May 5.—The largest crowd ever passing the gates of an opening ball game, aggregating 3,500 people, witnessed the opening game at the Regina Park yesterday. Up to the time of calling the game by default in the eighth inning the game was fast and clean for the first game of the season. The game was called in the eighth by Winnipeg contesting the decision of the umpires. Owing to the non-arrival of the regular official umpire the manager appointed players with interchanges. In the last half of the eighth Poffman sacrificed to advance Elsey, who later stole third. Pitcher Rossback lead batted Collins, who stole second.

Winnipeg taking third on the double, led by the catcher and later waltzing home while Collins took third. The umpires assented to the disputed positions of the advanced players and the game was called by the inability of Winnipeg to withstand the umpire's decision. But books were closed and referred to but Manager Walters held the position and Winnipeg refused to play. The game was called on this account and the regulation score of 9 to 0 was declared in favor of Regina.

## Additional Sport

(Continued from Page Four)

## British Sports Troubles

The London Express says: There is turmoil in no fewer than five branches of sport—racing, football, cycling and running. Within the past few days a serious offence has been proved against a famous jockey, remarkable allegations have been made against the referee in a first class football match, and the teams taking part in it, two governing bodies of sport, are at loggerheads, an old cricket quarrel has been revived, and two prominent London football clubs have been fighting for life.

The troubles may be summarized as follows: The referee in the football match Newcastle United vs. Middlesbrough, at the latter place on Saturday last, is said to have intimated that the teams had come to an arrangement, and that Newcastle did not try to win. The referee is to be reported to the foot ball league. It is also stated that the referee has decided to report the clubs.

Two prominent London football clubs are in financial difficulties. Frank Wootton, the famous jockey, has been suspended for two months. There is a fight between the National Cyclists' Union and the Amateur Athletic Association regarding the control of cycle racing. A cricket quarrel of last season has been revived.

## SPARKLETS

## Glints From the Sporting Anvil

It must have been pleasant for Bud Sharpe to sit on the Pirate bench and watch Jack Flynn, his rival for the Pittsburgh first-base job, hammer out a homer with two on and win the game for the Phillies. Flynn has been displaying great form for a couple of weeks and has clinched his place with the world's champions.

Umpire Owens, formerly of the Eastern League, has discarded the wire neck basket attached to his mask. It formerly spread over his throat, after the manner in which Joe Caution will grow Grogans after he retires from baseball. Brick spent a winter of training as trawler in the new union station at Kansas City and has his throat so toughened that it will

require a gillnet to produce it. Owens was hit under the chin by a foot ball in an Indianapolis game last year and almost killed. The "net" invention was the result.

The passing of McCarthy in California, as a result of his bout with Owen Moran, will not tend to popularize the sport upon the Pacific coast. The accident may seriously interfere with a meeting 'twixt Jeffries and Johnson. It appears that after a shy bit of fighting by both gentlemen Moran threw over a right that collided with McCarthy's jaw, the latter dropping like he'd been hit by the R. Simpson handling. His head struck the floor heavily and from that moment the unfortunate had never regained consciousness and died upon the operating table.

A dispatch says the affair has caused a storm of indignation, the clergy asserting that this should be the last fight on the coast and threatening all manner of things. Moran, in a sense, was blameless, but the local police took all interested into camp, holding them for bail. A few more incidents such as this and the coast will see a damper put upon the art of self-defence.

## Great Boxer In London

John L. Sullivan, the famous heavy-weight, who is in England on a 12 weeks' engagement, has been appearing at two London music halls in a boxing display. Sullivan, who is an opponent of alcohol, is very proud of his meetings with the King when Prince of Wales.

## No Coin for Them

The public school board has refused the application of the Edmonton High School football team for a grant to be applied to the expenses of the team on its trip to Red Deer in quest of the Rutherford cup, which was filled by Red Deer two weeks ago. The attitude of the Edmonton board is less generous than that of Red Deer from which a grant was obtained by the Red Deer High School team for the trip to Edmonton recently.

## Post as Opponent

The I.C.A.A. ing-of-war team had a workout last night. For an opponent they used a stanchion telegraph post on Second street.

## NORTH EDMONTON AND 101st DRAW

Opening Game in "B" Division of City Football League—Score Was 1-1

The first game in "B" division of the city football league, between North Edmonton and the 101st, played on the packing plant athletic field last night, resulted in a draw, each side having one goal to its credit. The attendance was small and mostly N. Edmonton people, who roared enthusiastically for the home team.

The play was evenly divided, neither team having any noticeable advantage, although the packing town boys were somewhat heavier than their opponents. Neither side played much combination, depending rather on the heavy kicking and long shooting. Mason, the outside left wing for North Edmonton, played the best game on the field, but was unable to get close enough to be effective. The 101st goal keeper also played a good game, saving nicely a number of times. The forward line did not play together well, the wings failing to centre at the proper time and centre in instead of pressing to his wings tried frequently to bring it down himself. North Edmonton played a little better combination, Mantion and Sharkey playing together fairly well, but not bringing the ball close enough to goal to be sure of scoring.

There was no scoring in the first half, the ball travelling alternately from one end of the field to the other but never coming close to either goal. About fifteen minutes after the interval the 101st brought it down by a pretty combination and scored on a long shot. For the next twenty minutes the packing town boys worked hard to even up, but were unable to do so until four minutes before the half blew for full time, when Barton scored from a scrimmage in front of goal.

The game was inclined to be rough at times. Perot, a 101st back, had his knee severely wrenched and several others were cut and bruised badly.

The lineup was: 101st—Goal, Milner; backs, Perot and Beller; half backs, Middlesboro, Baty and Rainer; forwards, Allen, Peters, Walker, Gilman and Graham. North Edmonton—Goal, Woodman; backs, Blue and Tomes; half backs, Newton, J. Newson and Brown; forwards, Sharkey, Graham, Barton, Clahane and Mantion.

## A GREAT MEET AT OLD OTTAWA

Such Famous Athletes as Bonhag, Tail, Bobby Kerr, Cloughen and Sebert will Participate.

Ottawa, May 5.—Definite assurance has been received by the committee in charge of the Victoria Day sports, that Frank Lukeman, the M.A.A.A. sprinter, will compete in Ottawa on May 24th. Lukeman's reply means that the greatest bunch of spiked shoe experts ever gathered together will appear at the Oval on that date, and Ottawans are assured of one of the most sensational record-breaking dashes that was ever pulled off this side of the pond.

Bobby Kerr is already tearing up the cinders at Hamilton, while Lou Seibert and Jack Tail, have been showing their true form in recent exciting stunts at Toronto. Geo. Bonhag and Bobby Cloughen are already at work pulling down the silverscore, so that the visitors will be in the pink when they strike Ottawa. Charlie Kinsella, the U. O. A. A. star will begin work just as soon as the weather becomes a little warmer.

## Lacrosse Club

Secretary Waughs of the Edmonton Lacrosse Club states that the membership fee for 1910 will be \$1, tickets being obtainable from the secretary. Practice nights in future will be Mondays, Wednesdays and Fridays. Prospects are bright for Strathcona getting a team together, and a series of games between the two cities will likely be held in the near future.

## LONGING

## Adapted

By C. P. McDonald. Want the boys, want the boys, want the boys here again. Where I can see them and root, root and cheer again! Just want to know that the whole gang is near again! Gee, it's been long since I saw them on mass! Want the crack twirlers to twist on the mound again, Hear the ump's voice in its cadence profound again, See the old standbys romp over the ground again, Making a midsummer showing of class!

Want to go, want to go, want to go out again, Where the home team puts the others to rout again! Hear the hogs holler, yell, snicker and shout again! There where the sun comes out blazing and hot! Want to see Jack, John or Jimmie on first again, Hear the umpire jeered, sneered at, and cursed again! Out where the softyop torments your thigh again! Where the elusive ball's chased o'er the lot!

Want the old, want the old, want the old dug again, Riding the breeze as I prattle and brag again! Don't want my spirits to sag, bag, or lag again, Want to be happy the whole season through! Want to be out where the world's free and gay again! See each old favorite make a star play again! Want them to stop here and not go away again—Want them to play for me day and night, too!

## Invite Clergy to Fight

New York, May 4.—To convince the clergy of Freeport, N.Y., that there is nothing inconsistent with militant Christianity in a clean boxing bout, Unity Athletic Club of that village plans to invite all the resident clergymen to its next bout. Should the invitations be accepted the club believes it will be witnessed in public opinion on the finding made. Should they be refused, the club believes it will at least have the credit of throwing its doors open to the closest scrutiny.

## H.B.C. Man's Strange Death.

Toronto, May 5.—The chief coroner, Dr. Johnson, is investigating the death of C. F. Barrett, of the Hudson's Bay Camp at New Port James, which occurred under peculiar circumstances at the Prince George Hotel yesterday. Barrett had been in the city some time and had only recently left the general hospital where he was under an operation. Three doctors and a nurse were in attendance on him last night, but none of them have stated the cause of death.

## G.T.P. EXHIBIT AT BIG FAIR

Splendid Display of the Wealth of Western Canada.

MOVING PICTURES ARE A FEATURE Showing at Brussels International Exposition.

Canadian Railway has Made a Splendid

Showing at Brussels International Exposition. Winnipeg, May 5.—A cable message has been received from Brussels, Belgium, at the offices of the Grand Trunk Pacific Railway, Winnipeg, advising that their building and the exhibit in the building had been fully completed in time for the opening of the Great International Exposition which opened at Brussels on Saturday, April 23rd. At all the great international exhibitions and world's fairs during the past years the Grand Trunk have been given the credit for having their building and exhibit completed for the opening day and this reputation has been kept up for the Brussels show.

The exhibit which the Grand Trunk have placed there this year is probably the best that they have ever installed, and includes special features in connection with the Grand Trunk railway system in the east, as well as dealing exhaustively with the Grand Trunk Pacific Railway. A magnificent collection of grains in the straw, grasses and other products of the west is on view, illustrating in a realistic way the prairie section of the new transcontinental line.

The mountain division is also represented by oil paintings of scenes in the Yellowhead Pass and on the Skeena River, B. C.

A new feature is the moving picture exhibit, which has been placed in an annex to the main Grand Trunk building, and a series of entertainments daily will be given in this annex, with pictures depicting the summer resorts, hunting and fishing regions of Canada, mining scenes in Cobalt, harvesting, threshing, and other agricultural scenes in Western Canada, and the building of the Grand Trunk Pacific Railway will be projected.

A comprehensive collection of mounted game and fish are also included and a large photographic reproduction of other special attractions in Canada added. In addition to this a very costly and complete exhibit of the minerals of Canada will be on view and will no doubt attract a great deal of attention. Several publications printed in English, French, German and Flemish, descriptive of the Dominion will be distributed and a representative of the Grand Trunk with a corps of assistants will be on hand to give all information to enquirers of no matter what nationality.

## RUPERT GOES AHEAD FAST

One Million Dollars' Worth of Buildings Have Gone up.

HOTELS ARE DOING BIG BUSINESS

Large Shipments of Rails for G.T.P. Arrive by Boat Around the Horn.

Toronto, May 5.—The Toronto Star's Prince Rupert correspondent writes:

One proof of the progress of this new town is evinced by the increased facilities for reaching the terminal. We have the fine steamer Princesses license and they running between Seattle, Tacoma, Vancouver, and Prince Rupert. Then there is the big Cosmos and the palatial Rupert City, fitted with wireless, and with state-rooms and passenger accommodation equal to any steamers on the coast. This month we had something in the nature of a celebration on hearing that the first of the magnificent G. T. P. steamers had left Scotland for Prince Rupert, after which it is called. The sister steamer, Prince George, was launched in Glasgow last week and christened by Miss Hays, the daughter of the general manager of the railroad. It will come along in about a month later.

## Money in Grill-Room

Unless a couple more hotels are built the question of accommodation here will become a serious matter. At present the hotels are filled and men with pockets full of money, who are prepared to engage a suite of rooms, at any old price, are in many cases compelled to sleep two and three in a room. Of course, the period of roughing it is a thing of the past, for

the G. T. P. Inn and a couple of other good hotels are thoroughly up-to-date, with bath-rooms attached to rooms, and every modern convenience. The majority of men here live a regular restaurant life and the biggest money-makers are the grillies. The reason for this is on account of the irregular life. The ordinary three meals a day at regular hours are not strictly adhered to. Men eat when they get hungry, and a well-appointed hotel cannot be expected to serve a hot meal at 1 a.m.

For some months the town has been basking in a really delightful western freedom—particularly delightful for the keepers of cider saloons, who have made snug fortunes for themselves by charging as much as their audacity will permit. Recently the new chief got busy, shipping undesirable and imposing fines. The undesirable, strange to say, nearly all hail from Seattle, and a couple of boat loads have already carried scores of them back to affectionate relatives. Last week in six days no less than \$2000 was gathered into the city cash box in fines for breaches of the liquor law. It is a common matter here to fine one man \$500 for illegal liquor selling.

As a consequence of the right law in Rupert there is an occasional and very successful steamer excursion to Port Essington, which makes an ideal celebration town. German Rails for G. T. P. Today the sixth huge steamer with rails for the G.T.P. arrived from Hamburg coming by way of the H.C.N. and having left Sydney on January 8. It was gratifying to the Prince Rupertites to learn that the Germanian, which is a huge German steamer, came all through the northern passages along the coast of upper British Columbia without a pilot. This speaks volumes for the waterways along the coast.

In the making of the streets here the town has adopted a novel and attractive arrangement for four grand new residential streets. They have been named Spring, Summer, Autumn, and Winter. A rather amusing incident occurred in a French restaurant here recently. A young chap approached a crowded counter and ordered a steak. He was extremely hungry, but the steak failed to make an appearance, because Jean, the waiter was exceedingly busy. Repeatedly and in various tones, the young man explained to the waiter and the assembled counter loungers, the various horrors of the pangs of hunger. Suddenly an unwelcome knock from a neighboring blast came smashing through the window, and after inflicting an ugly though not serious gash on the young man's forehead, fell on the counter before him. "I asked for a steak and they gave me a stone!" he cried sorrowfully, as he mopped his head.

## The Assessment Grows

People who are at all skeptical about the progress of Prince Rupert will be interested to hear a few facts which have come to light with the returns which are being made by the assessment man here, Mr. Cuthbert. The town lots were sold only a year ago this coming May, and in that short time one million dollars worth of permanent buildings have been erected. According to Mr. Cuthbert's calculations, the approximate total assessment for Prince Rupert will be more than fourteen million dollars. In Regina a few years ago, with a population of 15,000, the assessment was \$7,500,000.

## Association Auction Sale OF

## CATTLE

Lacombe, June 1st, 1910

under the auspices of the

Alberta Cattle Breeders' Association

and the

Alberta Department of Agriculture

A large number of males and females of the different breeds to be offered.

## SEND FOR CATALOGUE

Animals delivered to Alberta and Saskatchewan points west of Regina for \$3.00 each, and to B.C. mainland points for \$5.00 each.

Reduced Passenger rates will be in force.

## Kill The Weeds—Root Them Out

THAT'S the only way to destroy them. Cutting weeds is simply a "put off"—the work has to be gone over again later on. Make a clean job of it in one stroke—ROOT them out lock, stock and barrel. Here is the implement that will do the work—and do it thoroughly

## FROST AND WOOD

**Climax Cultivator**  
Finest Weed Destroying Cultivator on the Market.

It is a particularly strong machine—a Cultivator of this class must possess great strength. The teeth have a stiff joint, but if they strike a stone or other obstruction in the ground they will unlock and fly back, so that possibility of breakage is reduced to the minimum. There is a tilting lever on each pole; these in conjunction with the pressure lever regulate the depth of cut. Made with 9 teeth (6 ft.) or three horses, or 13 teeth (8 ft.) for four horses. Standard equipment 2 inch and 10 inch points. The large broad-tired wheels ensure light draft and smooth running. The farmer who uses this machine on his land once or twice in a season will be well repaid for his time and labor.

Frost & Wood Cultivators have a splendid reputation in Canada—Write for booklet and get acquainted with our whole line of farm implements.

Your Choice for **25c**

### LITTLE'S STATIONERY STORE

18 JASPER EAST.

#### About Town

There will be no practice of the new British Standard tonight, May 5th.

A gold medal has been presented to the Exhibition Association by Jackson Bros. to be used in the class for general purposes.

The Hibernian and Strathcona football match will take place tonight at 7 p.m. on the second street ground. The Hibernian line-up is: Goal, Kink, back, Connelley and Matthews; halves, Speakman, McNeil, Wallace, Kennedy, McCarty, Grant, Clouston, Hamilton, Haynes; reserves, McLaughlin and Armstrong.

#### In the Supreme Court

In the Supreme Court yesterday afternoon *Reynolds* and *Wood* were awarded \$250 and \$250 damages respectively, against the C.M.R. for damage done to their land by first reclamation from C.M.R. action. In the case of *Maral v. Pagan*, the defendant was given thirty days to redeem the interest and pay arrears on \$1,500, otherwise judgment for plaintiff for \$250 and costs. Defendant had sold an half interest in the quarter section of land to plaintiff, on the condition that the defendant would pay \$250 mortgage to a Mr. Pagan. This was not done and was brought by plaintiff to recover price of half interest with five per cent. add.

This morning the case of *Ervin v. Mackay* was begun. The plaintiff is suing to recover \$250 which he claims is due to him for sale of land and money lost to defendant. Judge ment has not yet been given.

#### Local Football Practice

The local football practice will begin tonight with the regimental team for the first time this season. The regiment will also give a complimentary working concert to the 2nd Alberta Mounted Rifles on Tuesday, May 9. Orders arrived from Ottawa this week confirming the resignation of Capt. F. A. Osborne and the captaincy for Lieut. A. B. Hawley.

Sergeant Major Ray was presented with a pair of silver-mounted signal flags by his comrades of the unit, on his appointment to the position of the second corps of the A.M.R. The presentation took place at the Armory of the unit on Tuesday last.

#### Empire Day Celebration

London, May 5.—Lord Meath presided at last year's 7,000-people celebration of Empire Day which will be largely increased this year. Many people throughout the Empire have on May 5 and he asks for a supply from believers in the movement for a healthy national influence, being a non-party, non-sectarian movement to awaken all British people to the magnitude and therefore the seriousness of the responsibilities of British citizenship.

#### Winnipeg's New Bank

Winnipeg, May 5.—The Sterling bank will commence construction work this summer on a magnificent new bank building which will be erected on their property at the corner of Portage and Smith. So far no plans have been approved for the new building but it is anticipated that it will be fully in keeping with the buildings now being erected by the other financial institutions in the city.

#### Want States to Interfere

Washington, May 5.—A body of influential Nicaraguans are coming to Washington to ask President Taft to send to Nicaragua a commission of military governor, as in the case of Cuba, to assume a permanent protection over the country.

#### Whiskey Drinkers Finner

London, May 5.—Orders at the distilleries continue to fall off and many men have been discharged. The increased prices are making whiskey drinkers adopt beer. Yesterday the brewers announced higher prices also for beer.

Good Day, Tom. A pleasant drive behind one of Horner's famous outfits is sure to do you

The Namayo Trading Co. 115-1159

## THE DAY IN STRATHCONA

Budget of News from the City on the South Bank of the River

Miss Lane Armstrong left early in the week on a trip to Vancouver.

C. H. Grant returned to the city on the afternoon train from a short trip down the C. & N.

Lucy, evading the "Cybernet" again, continued in vacillating their rivals the real estate man in an exciting game of baseball by the score of 13 to 3. The battery for the winners was Francis and Richards, for the losers Clarke and Beattie.

The beautiful hockey trophy presented to the Alberta Amateur Hockey Association by the Hon. A. C. Robertson is being engraved at Jackson Bros' jewellery store, Edmonton. When the engraving is completed the cup will be on exhibition a few days before it is forwarded to London, who won it for the season 1921-22. The cup stands about two feet high and is silver, standing on an ebony base. At the front is the emblem of the game, six two hockey sticks crossed. It is a cup well worth the very best of hockey the province can produce. It is to be known as the Robertson cup and is open for competition for all amateur teams in the province playing in the A. A. H. A.

Port Saskatchewan Sports Committee have arranged a better programme than ever for Victoria Day this year, consisting of horse-racing, athletics and other attractions. The athletic events numbering twenty-two will be conducted under the auspices of the Alberta Amateur Athletic Association, and besides the ten-mile road race, which is an annual event, include events for juniors under eighteen, and for juveniles under fifteen years. The horse-racing will consist of five events to be run in heats. The value of the prize list for the racing and athletics approximately \$2,000.

One of the chief attractions will be the Marks-Bell-Walker Performing Animal Show, which alone will be well worth the visit. Adequate provision is being made for serving refreshments on the grounds, and a special rate of fare and a third has been arranged for from all railroad points.

Marriage licenses issued, Jackson Bros, jewellers.

## HELD IN ICE FORTY YEARS

Victims of Disaster May be Found This Spring.

LOST IN AN ALPINE SNOW STORM.

Their Bodies Have Since Been Entombed in a Glacier near the Town of Chamouni.

Locarno, May 5.—All guides working Mount Blanc are awaiting the melting of snow as they expect one day in these next three months to find the bodies of the three climbers held in glacial ice for forty years. One of the lost victims was an American.

Swiss mountaineers have noticed that mountaineers in their records as the greatest Alpine disaster that ever happened. There were eleven men in all—two Americans, McNeil and Randall, one Englishman and eight Chamouni guides. They were on the upper reaches of the mountain when the snowstorm descended and rapid for hours was continuous rain.

All tracks were lost. Struggling on, one of them fell into a crevasse that was well filled with snow. After weeks of searching rescue parties found the bodies of the missing men, frozen stiff on the glacier. One of the two Americans, McNeil, was buried in Chamouni.

That was in 1879. A glacier has never been known to remain in its position longer than forty years. This is why, this summer, Swiss folk expect to see what remains of Randall and the five guides who died with him long ago.

But one guide—the chief among them—will not be there to see the melting of the snow. Old Adolph Balmet was so prominent in his profession that he was known as the "King of Mount Blanc." But as the years grew upon him he became oppressed by the thought that another day would see him the leading climber from him. So he committed suicide.

He was associated with several Alpine tragedies, and on one occasion he only emerged from a snowstorm by leaving a shelter chamber with his life out of the solid ice.

### REGULAR TRADE IN YOUNG WOMEN

Recruits Are Generally Working Girls Who Have Weighed of Their Hard Circumstances.

New York, May 5.—Harry Levinson, started for selling young girls into lives of shame told the diverse agency today that there are at least three "stockades" in New York in each of which from five to ten such girls are kept ready night and day for instant delivery wherever they may be wanted. Little effort, Levinson, is made to recruit women from the street. The stockades are filled from the host of young girls who are unhappy at home or who live narrow lives on their own earnings and long for leisure, good wages, gaiety and freedom from restraint. Well dressed women make it a business to frequent cheap restaurants, moving picture theatres and bargain counters to single out such cases and to draw their attention with an invitation to dinner and then describe the ease and pleasure of the alternative they propose. The girl is delivered to a stockade and then it becomes the business of the proprietor to place his merchandise.

Commission Report Issued

The commission which was sent last year to Europe, by the Dominion Government, to report on the rearing of swine in the British Isles, Holland and Denmark, has issued a pamphlet, which describes clearly how the industry is carried on.

The report deals with the breeding and rearing of hogs, and the various ways in which the export trade can be stimulated. The co-operation system of rearing, packing, marketing and feeding, used in Denmark is explained, and the methods used to insure harmony between packers and farmers and a uniform supply of pigs, claim the attention of the reader, at a considerable space, at the best results are obtained when packers and farmers co-operate.

Big Factory Is Closed Down.

Boston, Mass., May 5.—Thirty-five limited companies of the United States, which have been closed since last December, due to the production being much in excess of market needs.

"JOE" WRITES THE TIMES

Former Canadian, Now British M.P. Discusses Royal Prerogative.

London, May 5.—Mr. Joseph Martin, M.P., has a lengthy letter in The Times. He writes that in view of the political situation the exercise of the royal prerogative cannot be kept out of party discussion, but such discussion does not bring the name of the sovereign into the domain of party politics, because the sovereign acts on the advice of his ministers. Dissolution on the advice of a government with a majority of 121 only a few months after a general election would be almost as unusual and striking an exercise of the royal prerogative as the opening of the next session of parliament was November 10th.

Parliament Meets in November

Ottawa, May 5.—Speaker March is the House of Commons will leave Friday for Europe. He will spend three or four months in Paris. He stated today that he had been given to understand that the probable date of the opening of the next session of parliament was November 10th.

For a special object.

"For the Tories to suggest that the opponents are bringing the name of the King into the party arena by proceeding strictly according to constitution, by offering such advice as they think in the interest of the people is, to my mind, a gross misapprehension. In taking that course, they are doing the very thing for which they condemn Mr. Asquith."
